

Partner Government Agencies

1. Please note that this is not a comprehensive list of all PGA's or all requirements.
2. This information is intended to highlight the major areas for the pilots at this time. It also provides information related to the mandatory dates to file ACE Entry Summary and ACE Cargo Release.
3. If your commodity requires data for multiple agencies, please see each agency below.
4. For technical issues, please contact the CBP distribution on the current CSMS message.

APHIS (Lacey Act)

1. Must be filed electronically via the PGA message set in ACE by **March 31, 2016**, unless paired with other PGA data.
2. APHIS is accepting entries for all Lacey Act data.
3. No pilot call is required and all filers may file in all ports. You may file immediately. There is no need to contact anyone at CBP or APHIS to start.
4. You do NOT need to follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.
5. For Lacey Act specific questions related to the supplemental guide, please contact Pam Bennett (pamela.d.bennett@aphis.usda.gov)

NHTSA (DOT)

1. Must be filed electronically via the PGA message set in ACE by **March 31, 2016**, unless paired with other PGA data.
2. NHTSA is accepting entries for all NHTSA data.
3. No pilot call is required and all filers may file in all ports. You may file immediately.
4. Upon filing, send an email with the entry numbers filed in ACE to Clint Lindsay (clint.lindsay@dot.gov).
5. You do NOT need to follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.
6. For NHTSA specific questions, please contact to Clint Lindsay (clint.lindsay@dot.gov).

FDA

1. FDA disclaimers ONLY – No pilot call is required and all filers may file in all ports. You may file immediately. There is no need to contact anyone at CBP or FDA to start.
2. For other FDA programs, including Prior Notice, Importers and Filers will need to work directly with FDA to establish a pilot call.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*. Include ACE_Support@FDA.hhs.gov when sending your PGA Pilot request to CBP.
4. See CSMS #15-000852 for additional information from FDA.
5. For questions related to FDA, please contact the CBP staff listed in the CSMS and FDA (ACE_Support@FDA.hhs.gov).

FCC

1. FCC data will continue to be filed as an OGA message set on an entry summary until July, 2016.
2. At that time, FCC data will no longer be required to be submitted.

AMS

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for AMS entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.
4. Some transactions will require coordination with FDA. If appropriate, please also see the section for FDA.

APHIS (Core)

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for APHIS Core entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.

ATF

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for ATF entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.

DDTC

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for DDTC entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.

EPA

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. To file only EPA disclaimers, contact only the CBP staff listed in the CSMS message.
3. For other EPA programs – Importers and Filers will need to contact Roy Chaudet (Chaudet.roy@EPA.gov) prior to requesting participation in the PGA Pilot program. Provide the name of the importer, the commodity, and the port.
 - VNE on-road is open to all importers
 - VNE non-road is open to 9 importers total
 - Pesticides is open to 9 importers total
 - TSCA is currently not available to pilot with PGA message set
4. EPA will evaluate the particular importer for the participation in the pilot. A broker can recommend any number of importers for EPA to look at.
5. EPA will get back to interested party about the importer and lay out the process for (1) testing in CBP's certification environment, and (2) pilot call for the first production filing.

FSIS

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for FSIS entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.

NMFS

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for NMFS entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.

TTB

1. Required to be filed electronically via the PGA message set in ACE in the summer of 2016.
2. Pilot calls will be held for TTB entry filings.
3. To begin participation in this pilot, follow the instructions in the *Process for Participating in ACE Production PGA Pilots*.
4. Some transactions will require coordination with FDA. If appropriate, please also see the section for FDA.
